PROFILE

Innovative Front End Developer with 2+ years of experience building and maintaining a responsive website in the recruiting industry. Proficient in HTML, CSS, javascript. Plus modern Libraries and frameworks. Passionate about usability and process working knowledge of Adobe Photoshop cc and adobe Illustrator cc.

WORKING EXPERIENCE:

1

Self Work

I have work 1+ year as self and with friends who already working in a company and doing lots of projects and make commands over technology. I have done many small projects and put on that project on my GitHub account. After that in the year 2019, I am Joining Ebslon infotech.

2

Ebslon Infotech pvt ltd.

I have work 1 Year in abslon infotech as Front End Developer where I have done many projects like e-commerce, a travel website, blog and corporate website, etc. And also I can co-operate with backend developers and work on live projects. Currently, I am not working here because covid-19 I lost my Job.

EDUCATION:

Azad Institute of Engineering & Technology.

I had completed B-tech 2012 in Stream of Information Technology.

Online Training & Certificate

I have taken one year to complete Front End Developer program with Team Treehouse and also learned with the various online platform to improve my technical skills like Lynda.com, udemy.com, LinkedIn Learning, and ihatetomatos.com.
